

# MEADRAIN® Top 3000

## Slotted, ductile iron grating, class D 400

### Description and sizes

- |                         |                         |                    |                       |
|-------------------------|-------------------------|--------------------|-----------------------|
| ◆ Type of grating:      | slotted                 | ◆ Type of locking: | PROFIX                |
| ◆ Material:             | ductile iron            | ◆ Loading class:   | D 400                 |
| ◆ EDP-number:           | 010153589               | ◆ Testload:        | 40,000 kg / 88,000 lb |
| ◆ Length:               | 500 mm                  |                    |                       |
| ◆ Width:                | 323 mm                  |                    |                       |
| ◆ Width slots:          | 18.0 mm/142.5 mm        |                    |                       |
| ◆ Inlet sectional area: | 1640 cm <sup>2</sup> /m |                    |                       |
| ◆ Weight:               | 18.3 kg                 |                    |                       |

Also available in Galvanized or Stainless Steel Bolted or Tamperproof Locking

Also available in Hot Dip Galvanized finish
