MEA® DRAIN Top ENS4000

CW 400

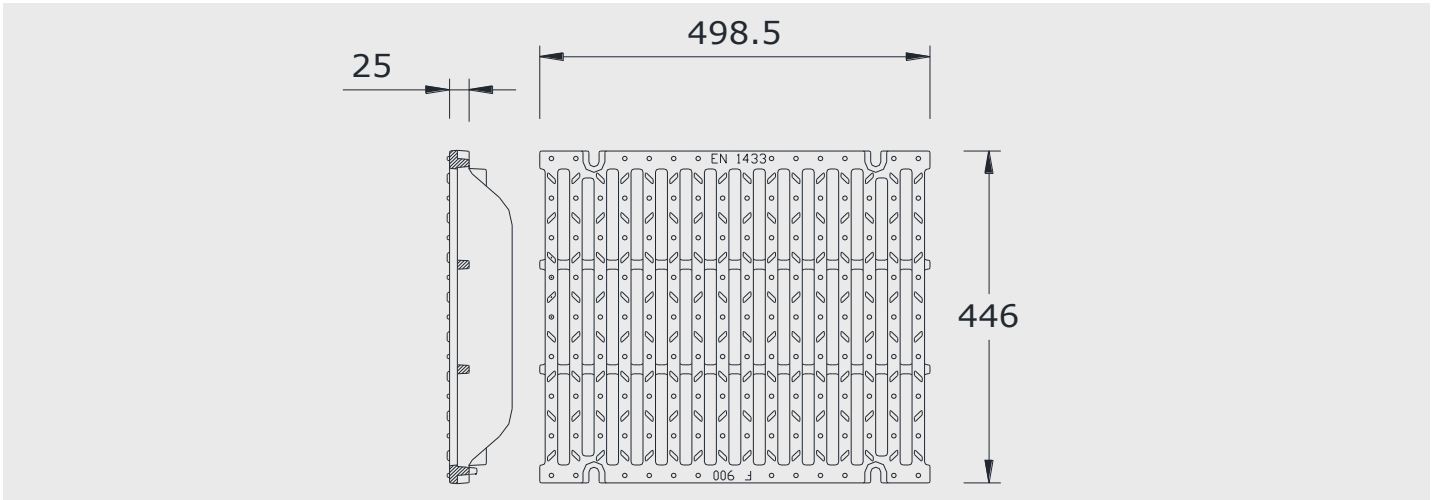

F900

Top ENS 4000 4-fold-bolted channel grating

With 4-fold-bolted channel grating securement. Suitable for channel system **MEADRAIN Supreme ENS 4000**.

For channel units and catch basins. Total width of gratings 446mm.

Slotted grating 15/125, class F900 with 4-fold-bolted channel grating securement

Class F900 to EN 1433, ductile iron with 4-fold-bolted channel grating securement

| material group | product description | material | length [mm] | EDP-No. 010... | EAN-Code 4001990... | Inlet sect. area Ø cm ² /m | kg/unit | units/pallet |
