

# MEADRAIN® Top 2000

## Technical data

### Slotted, ductile iron grating, class F 900

### Description and sizes

- |                         |                        |                    |                       |
|-------------------------|------------------------|--------------------|-----------------------|
| ◆ Type of grating:      | slotted                | ◆ Type of locking: | 4-fold bolted         |
| ◆ Material:             | ductile iron           | ◆ Loading class:   | F 900                 |
|                         |                        | ◆ 900kN Testload = | 90,000kg = 198,000 lb |
| ◆ EDP-number:           | 010154237              |                    |                       |
| ◆ Length:               | 500 mm                 |                    |                       |
| ◆ Width:                | 223 mm                 |                    |                       |
| ◆ Inlet sectional area: | 962 cm <sup>2</sup> /m |                    |                       |
| ◆ Weight:               | 14.8 kg                |                    |                       |

Also available in Hot Dip Galvanized finish
